

AUN 25 GENTLE CLEANER / DEGREASER

GENTLE high-performance degreasing product, for **SENSITIVE** mechanical components and diving equipment. AUN25 is recommended for cleaning fragile equipment, nitrile seals, etc. Cleaning based on a mix of solvents chosen for their synergistic properties: removes fatty deposits, dirt and silicone.

APPLICATIONS:

Cleaning of seals and seal throats on all watertight systems prior to refitting the seals
Especially effective on silicone deposits
Removes grease, oils, etc.
Excellent degreasing agent prior to the application of neoprene-type adhesives

TECHNICAL DATA:

- Colour: colourless
- Density 20°C: 0.710 g/cm³
- Flammable liquid: A1, highly flammable

ADVANTAGES:

- Fast, effective cleaning
- Evaporates leaving no residues
- Does not contain any CFCs, or chlorinated solvents
- Safe for use on neoprene, rubber and nitrile
- Safe for use on thermoplastics, PMMA, polycarbonate, polyacetate, PVC, etc.

USE INSTRUCTIONS:

Spray onto the parts to be treated and wait for the solvent to evaporate. Wipe the surface to be treated with a soft cloth.

PACKAGING:

- 250 ml aerosol
- 1 l bottle
- 5 l can

IDENTIFICATION OF HAZARDS:

Labelling according to regulation (EC) No. 1272/2008 The product is classified and labelled according to the CLP regulation. Hazard pictograms:

GHS02 GHS07 GHS08 GHS09

Warning statement: Hazard

Hazard-determining components of labelling: Hydrocarbons, C6-C7, n-alkanes, isoalkanes, cyclics, <5% n-hexane

Hazard statements

H225 Highly flammable liquid and fumes. H315 Causes skin irritation. H336 May cause drowsiness or dizziness.

H304 May be fatal if swallowed and enters airways. H411 Toxic to aquatic organisms, may cause long-term adverse effects.

Safety advice

P210 Keep away from heat, hot surfaces, sparks, naked flames and any other source of ignition. Do not smoke. P241 Use flameproof electrical / ventilation / lighting / equipment P301+P310 IF SWALLOWED: Call an ANTI-POISON Centre / doctor immediately.

P303+P361+P353 IN THE EVENT OF CONTACT WITH THE SKIN (or hair): Immediately remove all contaminated clothing. Rinse the skin with water / Shower.
