

THE SEPTICROCO BOX

The SeptiCroco box, with integrated lid, is used to soak and store full sets of diving equipment. Ultra-strong, with reinforced hinge and lid, the box is designed to carry heavy loads and can hold weights with no risk of distortion or cracking.

PRACTICAL ADVANTAGES:

- *Used to soak and rinse a full set of diving equipment*
- *Used to store a full set of diving equipment after drying*
- *Used to carry wet equipment with no risk of leakage*
- *Ultra-strong: used to store weights*
- *Ergonomic handles*
- *Trays can be stacked and nested (Nesting capacity: 6 on 1)*
- *Lids can be lifted fully vertical: an effective space-saving function*
- *In recycled polypropylene*

THREE VOLUMES:

56L – 65L – 77L

TWO OPTIONS:

- ❖ *Single-use safety clips used to close the box*
- ❖ *Wheeled base available on request*

Height (in mm)	Length (in mm)	Width (in mm)	Load (kg)	Colour	Volume (l)	Int. dim. L x W x H (mm)	Weight (kg)	Handles
310	600	400	35	BLACK	56	545/510 x 370/345 x 285	2.64	EGGSHELL
365	600	400	35	BLACK	65	545/510 x 370/345 x 340	2.98	EGGSHELL
400	600	400	35	BLACK	77	545/510 x 370/345 x 375	3.2	EGGSHELL
