Repeat if necessary.*

### **PACKAGING:**

60 ml bottle

### **USE PRECAUTIONS:**

*Product not considered hazardous within the meaning of current regulations.  
For further information, please refer to the safety data sheet.*

➤ **FKR10 lubricant:**

*Facilitates sliding motion of the zip-seal*

**APPLICATIONS:**

*Lubrication of drysuit seals, and of all types of zip-seal.*

**CHARACTERISTICS:**

- *Colour: colourless, transparent*
- *Density 15°C: 0.844 g/cm<sup>3</sup>*
- *Physiologically safe paraffin oil*
- *Fully transparent*
- *Food safety approved; standards USDA H1, registered NSF*
- *High resistance to oxidation*
- *Protects against rust*
- *Excellent lubricating film*
- *Limits wear and tear, supports seal effectiveness*
- *Does not form any overthickness that could be a dirt trap, such as abrasive dust, silica, salt crystals.*

**METHOD OF USE:**

*Parts to be lubricated must be perfectly clean and free of grease (we recommend pre-cleaning with AUN Eco, our product specifically designed for this use)*

*Use the oil can to lubricate the surface with AbyssNaut FKR 10, then open and close the seal several times.*

**PACKAGING:**

60 ml can

**USE PRECAUTIONS:**

*Product not considered hazardous within the meaning of current regulations.*

*For further information, please refer to the safety data sheet.*
